

Safety Air Guns

- Meets or Exceeds OSHA Standards
- Build in Hanger for Easy Storage
- Durable Cast Aluminum
Non-sparking construction
- 1/4" NPT (Female) Inlet
- Ergonomic grip and trigger reduces

- Extension allows a longer reach
- Enhanced Venturi tip increases power and thrust
- More powerful than a dangerous open air hose
- 12 month limited warranty
- Replacement parts available

Air Shield Patented air cone protects operator from dangerous chip fly-back!

57S30XB
The Original
Unique venturi nozzle delivers 1.3 lbs. of thrust/power.
Knurled adjusting nut controls air volume.

74S
Jet Guard
Accurately delivers 1.1 lbs. of thrust/power
74SK - Jet Guard
Includes a knurled adjusting nut to control air volume (not shown).

74H
Air Miser
Uses only 10CFM to deliver 0.8 lbs. of thrust/power.

74BH
Blind Hole™
1/8 inch nylon stylus allows access into deep crevices to flush out chips and dirt.
Standard stock lengths: 6, 12 & 18 inches.

900S
Blo Hard
Compact thumb switch design fits comfortably in the palm of your hand.

High Power Unique venturi nozzle delivers 100% more thrust compared to conventional air guns!

75LJ
Long John™
Delivers 2.1 lbs. of thrust/power.
Cleans in hard-to-reach areas.
Standard stock lengths: 6, 12, 18, 24, 36, 48, 60 & 72 inches.

900LJ
Long John™
Compact thumb switch design delivers 2.0 lbs. of thrust/power.
Standard stock lengths: 6, 12, 18, 24, 36, 48, 60 & 72 inches.

900
Blo Hard

Syphon™ Spray Guns Uses standard shop compressed air to spray multi-viscosity liquids!

79SG012
Syphon™ Gun
12" extension with adjustable nozzle tip sprays up to 16 gallons/hour of oils, solvents, cleaners, mold release agents, disinfectants, insecticides and coatings.

79WGD
Water Jet Cleaning Gun Kit
12" extension with adjustable spigot applies up to 32 gallons/hour of water, detergent or degreaser to the toughest cleaning jobs.

83SG
Pneumatic Oil Gun
12" extension with adjustable nozzle tip sprays up to 13 gallons/hour. Features a one quart screw-on container and knurled adjusting nut to control air volume.

Maximum Power Unique venturi nozzle delivers 250% more thrust than other air guns!

75XT
Xtra Thrust™
Delivers a maximum of 3.2 lbs. of thrust/power.
Easier to grasp with full length trigger.
Standard stock lengths: 6, 12, 18, 24, 36, 48, 60 & 72 inches.

75XXT
Xtra Thrust™
Delivers a maximum of 3.2 lbs. of thrust/power.
Easier to grasp with full length trigger.

REPAIR KITS AVAILABLE

PART #	DESCRIPTION
75XTK01	Valve Repair Kit
	Valve assembly
	Valve spring
75XTK02	Gun Rebuild Kit
	Rubber washer
	Valve assembly
	Valve spring
	Rubber washer
	Hex nut
	Gasket
	Trigger
	Trigger rivet

Air Guns and Housekeeping Items

Low Noise Unique Coandaire™ nozzle reduces noise 6 to 20 dB compared to conventional air guns!

80WJ Whisper Jet™

Delivers 1.2 lbs. of thrust/power at 88dB.

Special tip design prevents blockage of nozzle.

80 Coandaire™

Delivers 1.6 lbs. of thrust/power at 86dB.

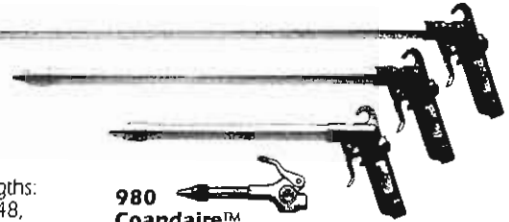

Knurled adjusting nut controls air volume.

80LJ Long John™

Delivers 1.2 lbs. of thrust/power at 88dB.

Standard stock lengths: 6, 12, 18, 24, 36, 48, 60 & 72 inches.

980 Coandaire™

Pneumatic Vacuums

Uses standard shop compressed air to create high vacuum!

1400 Gun Vac™

Produces vacuum of 6.9 inHg, or twice the average suction compared to electric shop vacuums.

Static resistant; no wires or electrical fields.

1448 Sandsucker™

18" long flexible metal extension ideal for cleaning debris in hard-to-reach areas.

Air Gun Accessories

- 1. GRIP:** Comfortable, plastic, slip-on grip. Ideal for frequent air gun users. Fits all Guardair products except 900 Series Guns and 1000B Sand Blaster.
- 2. COILGUARD SAFETY COILED AIRLINE HOSE:** A self-storing air hose that stretches and recoils like a telephone cord. Provides efficient, easy handling and quick tool change. Available in many popular sizes.
- 3. FITTINGS:** A wide assortment of the most popular pneumatic couplers and connectors. Specially sized for optimal performance.
- 4. SAFETY EXCESS FLOW CHECK VALVE:** Shuts off air flow in the event of a sudden rupture in the air line.

ALUMIGLASS MULTI-PURPOSE

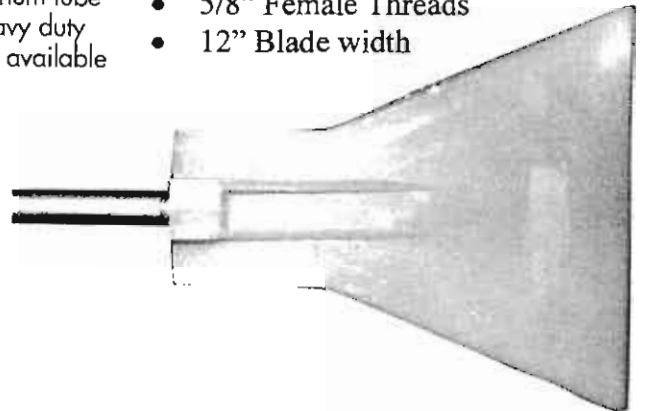

Combination smooth composite fiberglass handle and aluminum tube for balance. Die cast metal 3/4" (2 cm) threaded end and heavy duty chuck and collet locking device. Two and three section poles available

6512	ALUMIGLASS 2 SECTION	6'-12'	(1.8 M - 3.6 M)
6516	ALUMIGLASS 2 SECTION	8'-16'	(2.4 M - 4.8 M)
6612	ALUMIGLASS 3 SECTION	4'-12'	(1.2 M - 3.6 M)
6618	ALUMIGLASS 3 SECTION	6'-18'	(1.8 M - 5.4 M)
6624	ALUMIGLASS 3 SECTION	8'-24'	(2.4 M - 7.2 M)

Attach a plastic scraper or a brush to clean walls, bin bottoms, railcars, spouting and more.

Plastic Scraper

- Fits threaded broom handles and extension poles
- Rugged Polypropylene
- 5/8" Female Threads
- 12" Blade width

MORGAN GRAIN RAKE

For ease in grain handling, this rake comes with a 5-foot handle and a 2-foot extension. blade is made of 18 gauge galvanized steel. Blade dimensions: 20"W × 7½"H. Net wt 6½ lb
 No. GR7 Morgan Grain Rake
 No. GBR7 Gravity Box Rake (not shown) ..

Hand Brushes

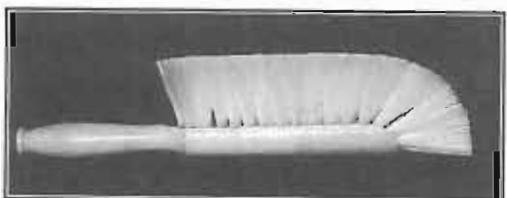

Master Miller Hand Brush

The Master Miller Hand Brush is made from imported boiled and bleached boar bristles. Each tuft is individually tied and set in adhesive filled holes one tuft at a time to ensure against shedding. The handles are made from hard maple and tuned by a master wood turner and are ergonomically designed for easier use. These brushes are 9" in size with a 4" tip and a 3 1/4" back.

Mini-Master Hand Brush

The Mini-Master Hand Brush is a small version of the Master Miller Hand Brush without the 4" tip. The size is 7" with a 3 1/4" back. It is useful in areas that are too small for the Master Miller Hand Brush to reach.

Hand Purifier Brush

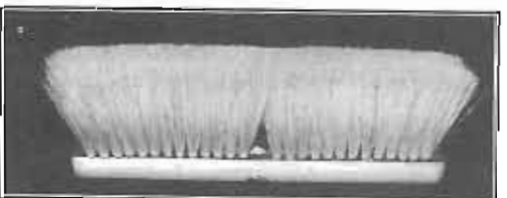

The Hand Purifier Brush is made with pure nylon bristles set in adhesive. These bristles wear longer and brush cleaner. The handles are also hard maple and are ergonomically designed for easier handling. These brushes are also available with one single row of bristles.

Sifter Cleaning Brush

The Sifter Cleaning Brush was designed to replace the brass cleaning brush. It is made from pure nylon placed in an ergonomically designed handle made from hard maple for easier cleaning with less stress on the hands.

Floor Brushes

Master Miller Floor Brush

The Master Miller Floor Brush is also made from boiled and bleached boar bristles. Each tuft is also individually tied and set in adhesive filled holes one tuft at a time to ensure against shedding. Each brush block is made from hardwood and flared at the ends with a 3 3/4" trim. Stock size is 14" – Special orders: 16" and 18". One sweep does it with the Master Miller Floor Brush.

Gold Stripe Floor Brush

The perfect sweeping brush for heavy uses as well as a light dust. Made for service in flour mills, grain elevators and warehouses for medium heavy sweeping. It has a center row of medium stiff fibers surrounded by a black horsehair mixture. The trim size is 3". These brushes are made with hardwood blocks and have two handle holes. Sizes: 14", 18", 24", 30", and 36".

Missouri Mule Floor Brush

The Missouri Mule Floor Brush is made for rough usage and long life. Extra stiff fiber center with a black horsehair mixture border. These brushes are ideal for warehouses, factories and grain elevators. They get the entire dirt in one stroke, the heavy, the medium and the fine dust also. These brushes are made with hardwood blocks and have two handle holes. Sizes: 14", 18", 24", 30", and 36".

Roll Brushes

Roll Brush

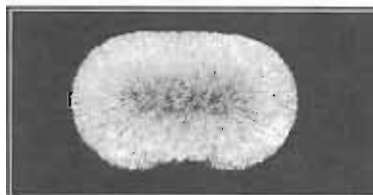

All roll brushes are produced to user's specific dimensions to fit the manufacturer's equipment. These brushes are made with a mixture of plant fibers, and are used on most rolls in the milling process. This brush has demonstrated excellent performance in keeping roll surfaces continuously free of product. The new designs – stitching and rounded over edges adds to the quality of these brushes and can be ordered made with nylon fibers also.

Miscellaneous Brushes

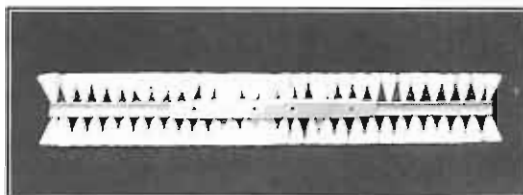

Full Round or Half Round Master Miller Wall Brush

An excellent dusting brush for walls, ceilings, overhead pipes and ledges. Solid maple block filled with boiled and bleached boar bristles like the Master Miller Hand and Floor Brushes.

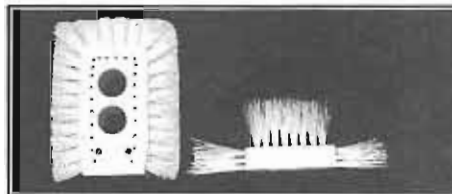

Purifier Brush Refills

Purifier Brush Refills are filled to the customer's specifications using goathair, horsehair or nylon. Opie's precision and accuracy assure you of a well performing brush.

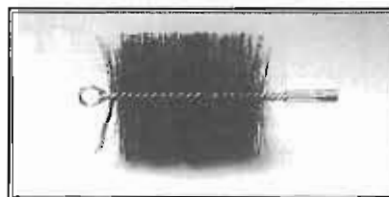

Elevator Leg Brush

The Elevator Leg Brush bolts to elevator belts to sweep elevator legs clean. This brush is made to customer's specifications.

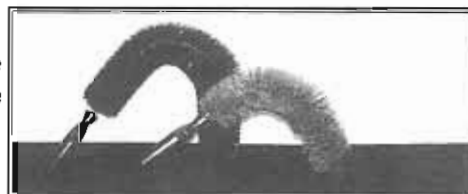

Spout Cleaning Brush

The Spout Cleaning Brush are made of nylon or steel wire in stock size of 4", 5" and 6". Loop on both ends for attaching rope or chain.

Pipe Cleaning Brushes

Pipe Cleaning Brushes are made from natural fiber or nylon for cleaning the out side of pipes and are available in 12" or 18" sizes. These brushes have handles that screw on to regular threaded handles or extension handles.

Bolt-in Broom Heads

Brushes (broom heads), Handles and Braces are sold separately
See page 133 for available handles and braces.

Pushbrooms for Fine Sweeping

No. 19 Smoothsweep (not shown)

- Ideal For: Sweeping smooth floors.
- Sizes: 24"
- Trim Length: 2 7/8"
- Fill: Highest quality horse-hair blended with a hint of fine black plastic to add a slight stiffness.

A No. 21 Janitor

- Ideal For: Plastics factories.
- Sizes: 18", 24", 36"
- Trim Length: 2 7/8"
- Fill: Center rows filled with natural black Tampico fiber. Feathered border of red and black plastic.

B No. 23 Joysweep

- Ideal For: Removing dust and light dirt. Polished floors, smooth concrete, woodworking shops and body shops.
- Sizes: 18", 24", 30", 36", 42"
- Trim Length: 3 1/8"
- Fill: Fine red and black plastic fill material with feathered ends.

C No. 25 Coronette

- Ideal For: Dust and light to medium dirt. Marble companies, fiberglass shops, tire shops and bodyshops.
- Sizes: 18", 24", 30", 36", 42"
- Trim Length: 4"
- Fill: Beige-colored plastic, feathered on the ends, with extra long trim for better sweeping action.

No. 26 (not shown) The Coronette is available with shorter trim, providing a slightly stiffer sweeping action, at a lower cost. • Sizes: 18", 24", 36" • Trim Length: 3 1/8"

D No. 30 Red Devil

- Ideal For: Removing fine dust and heavier debris. Dry wall contractors and auto repair shops. Not for use on finished hardwood floors.
- Sizes: 24"
- Trim Length: 3"
- Fill: Feathered red plastic bristles and steel wire center.

No. 5724R1

HARPER'S unique "Reeler" brush was designed for sweeping out the grooves in refrigerated trailers. It is only one of many specialty brushes designed and built by HARPER BRUSH to meet our customers' needs.

Pushbrooms for Medium Sweeping

A No. 32 Hotsweep

- Ideal For: Smooth to semi-smooth surfaces. Especially suitable for high temperature surfaces or debris, like foundries and welding shops.
- Sizes: 18", 24", 36"
- Trim Length: 2 7/8"
- Fill: Natural black Tampico fiber.

No. 37 Mixed-Wire (not shown)

- Ideal For: Tough dirt and fine dust. Plastic factories, steel fabrication plants and welding shops.
- Sizes: 18", 24"
- Trim Length: 2 7/8"
- Fill: Mixture of steel wire and natural black Tampico. Heat resistant.

No. 41 Modernsweep (not shown)

- Ideal For: Semi-smooth floors of light to medium debris. Home garages and shops.
- Sizes: 18", 24", 36"
- Trim Length: 3 1/8"
- Fill: Fine black plastic.

No. 51 Neatsweep (not shown)

- Ideal For: Excellent for moving debris on smooth floors.
- Sizes: 18", 24", 30", 36"
- Trim Length: 3 1/8"
- Fill: Stiff brown plastic center with a feathered border of mixed red and black plastic.

No. 54 Twinsweep (not shown)

- Ideal For: Foundries, plastic factories and welding shops.
- Sizes: 18", 24"
- Trim Length: 2 7/8"
- Fill: Single row of steel wire in the center surrounded by natural black Tampico fiber, which resists heat.

B No. 57 Do-All

- Ideal For: Driveways, sidewalks, parking lots, patios and warehouses. Excellent for home and industry. Sweeps clean, wears evenly.
- Sizes: 18", 24", 30", 36"
- Trim Length: 3 1/8"
- Fill: Each tuft is filled with a mix of medium-stiff brown plastic and fine black plastic.

C No. 61 Shopkeeper

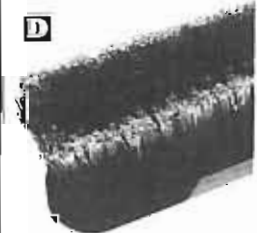

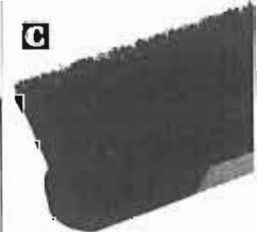

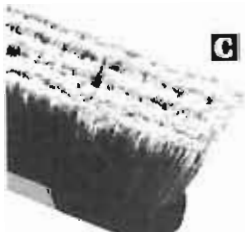

- Ideal For: Garages, body shops and implement shops.
- Sizes: 18", 24", 30", 36"
- Trim Length: 3 1/8"
- Fill: Fine-sweeping black plastic in the border and stiff brown plastic in the center rows.

No. 62 (not shown) is an economy version of the Shopkeeper. The center rows are filled with a crimped, stiff brown plastic, while the border is filled with fine black plastic. • Sizes: 24", 36" • Trim Length: 3 1/8"

D No. 67 Blue Demon

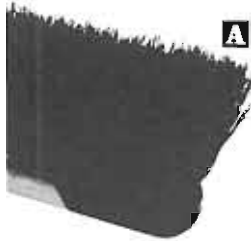

- Ideal For: Rough floors, blacktop, concrete and wood surfaces. Gets the heavy debris along with the dust. Excellent for home and industry.
- Sizes: 18", 24", 30", 36"
- Trim Length: 3 1/8"
- Fill: Medium-stiff blue plastic center with a feathered border of fine blue plastic.

Brush Heads, Handles and Braces

Brushes, Handles and Braces are sold separately
See below for available handles and braces.

Pushbrooms for Heavy & Coarse Sweeping

No. 65 Indusweep (not shown)

- Ideal For: Medium to heavy sweeping on wet or dry concrete.
- Trim Length: 2 7/8"
- Fill: Medium-stiff black plastic.
- Sizes: 24"

A No. 71 Speedisweep

- Ideal For: Sweeping cement surfaces, wet or dry. Often carried on tow trucks.
- Sizes: 18", 24"
- Trim Length: 4"
- Fill: Natural Palmyra fiber.

B No. 74 Supersweep

- Ideal For: Homeowners, contractors, grain elevators, fertilizer plants, professional gardeners and landscapers. Good on blacktop, concrete and wood surfaces.
- Sizes: 18", 24", 30", 36", 42"
- Trim Length: 3 1/4"
- Fill: Tough, medium-stiff, reddish-brown plastic. **Most Popular**

No. 75 (not shown) Economy version of the Famous No. 74. Made with a crimped version of the Supersweep fill.
• Sizes: 24", 36" • Trim Length: 3 1/4"

No. 79 Stiffsweep (not shown) Stiffer version of the No. 74. Blue plastic fiber for heavy sweeping applications.
• Sizes: 24" • Trim Length: 3 1/4"

C No. 83 Millsweep

- Ideal For: Coarse sweeping and moving heavy debris. Landscapers, professional gardeners, fertilizer plants, foundries, factories, saw mills, wrecker services, construction workers and roofers.
- Sizes: 18", 24", 30"
- Trim Length: 4"
- Fill: Very stiff black plastic.

D No. 86 All-Wire

- Ideal For: Special heavy sweeping applications in glass factories, steel mills, grain dryers and asphalt or paving contractors.
- Sizes: 14", 18", 24"
- Trim Length: 2 3/4"
- Fill: Tempered steel wire.

Pushbroom Handles & Accessories

No. 87 Floor Broom Handle Brace Fits all HARPER 18" to 36" floor brooms. Steel, powder-coated black, supplied with hardware.

No. 88 Speediclean Scraper This steel scraper is formed to lock in place between the iron connector and the brush block. Fits all iron-connector floor brushes. Used to remove stubborn dirt and debris quickly without need for a second tool. Handy as a stand for storing brush when not in use, preventing distortion of the brush fiber.

No. 89 Floor Broom Handle Brace Fits all HARPER 42" floor brooms. Steel, powder-coated red, supplied with hardware.

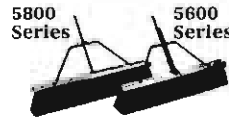

No. 83H An iron-connector handle that is also an extension handle! This red-and-black PVC-coated steel handle extends 3' to 5'. Diameter: 1 1/8". Excellent for highway departments, wreckers, state vehicles, RV owners.

No. 85H Hardwood Pushbroom Handle with iron-connector tip. Handle is fastened to slotted brush block with a T-nut bolt assembly. Red-tipped, sanded, double-laquered finish. 1 1/8" x 60".

No. 84H Identical to No. 85H, except handle is 15/16" in diameter.

No. 85HP Economical version of No. 85H, identical except without paint or lacquer.

Econoline Pushbrooms

The Harper Brush Econoline™ has been carefully developed for the budget-conscious buyer. It represents Harper's answer to those discriminating customers who are aware of the high quality of Harper products, but must operate on a limited budget. The Econoline™ brush block is constructed of hardwood and is available in either the 5600 slotted series or the 5800 threaded series. Handles, braces and scrapers are sold separately.

A No. 5622 Econo Silversweep

- Ideal For: Removing dust and light dirt on smooth and semi-smooth surfaces. Slotted for HARPER iron-connector bolt-on handle.
- Sizes: 18", 24"
- Trim Length: 3"
- Fill: Fine silver plastic, feathered on the ends.

No. 5822 (not shown) Same as the No. 5622, except for use with threaded handle.

No. 5632 Econo Hotsweep (not shown)

- Ideal For: Smooth & semi-smooth surfaces. Heat-resistant fiber is ideal for high temperature debris where plastic cannot be used. Slotted for HARPER iron-connector bolt-on handle.
- Sizes: 18", 24"
- Trim Length: 2 7/8"
- Fill: Natural black Tampico, heat resistant.

No. 5832 Same as the No. 5632, except for use with threaded handle.

B No. 5635 Econo Duosweep

- Ideal For: Driveways, sidewalks, parking lots, patios and warehouses. Slotted for HARPER iron-connector bolt-on handle.
- Sizes: 18", 24"
- Trim Length: 3"
- Fill: Center rows filled with medium-stiff black plastic, feathered border of fine silver plastic.

No. 5835 Same as the No. 5635, except for use with threaded handle.

C No. 5676 Econo Roughsweep

- Ideal For: Heavy dirt, metal, wood chips and other debris. Slotted for HARPER iron-connector bolt-on handle.
- Sizes: 18", 24"
- Trim Length: 3"
- Fill: Medium-stiff black plastic.

No. 5876 Same as the No. 5676, except for use with threaded handle.

D No. 5696 Econo Streetsweep

- Ideal For: Farm, roofing, streets and other outdoor applications. Resists solvents. Slotted for HARPER iron-connector bolt-on handle.
- Sizes: 18", 24"
- Trim Length: 4 1/4"
- Fill: Stiff OSHA orange plastic.

No. 5896 Same as the No. 5696, except for use with threaded handle.

No. 1183 & No. 1243 Palmyra Pushbrooms (not shown)

- Ideal For: Cement sweeping, driveways, parking lots, warehouses and all outdoor uses. Heat resistant and will not absorb moisture.
- Sizes: No. 1183, 18" No. 1243, 24"
- Trim Length: 3"
- Fill: Natural Palmyra.

Econoline Handles & Accessories

No. 84H Hardwood Iron-Connector Handle Handle is fastened to slotted brush with T-nut & bolt assembly. Red-tipped, sanded, double lacquered finish. 15/16" x 60".

No. 87 Floor Broom Handle Brace Fits all HARPER Econoline Pushbrooms. Steel, powder-coated black, supplied with hardware. Assures handle remains securely fastened to broom head.

No. 88 Speediclean Scraper This steel scraper is formed to lock in place between the iron-connector and the brush block. Fits all iron-connector floor brushes. Used to remove stubborn dirt and debris quickly without need for a second tool. Handy as a stand for storing brush when not in use, preventing distortion of the brush fiber.

No. 91260H Durable press-fitted zinc die-cast tip on a lacquered dowel. Not recommended for use in acid or caustic solutions. 15/16" x 60".

Brush Handles - Wood and Fiberglass

Wood Threaded

- A** No. 114H • Ideal for: Upright brooms and use with car/truck wash brushes where short handle is convenient. • Size: 15/16" x 48", lacquer finish.
- B** No. 20720H • Ideal for: No. 205 and No. 207 automotive squeegee heads. • Size: 20", painted red.
- C** No. 90060H • Ideal for: Pushbrooms and car/truck wash brushes. • Size: 15/16" x 60", lacquer finish.

Plastic Tip Threaded

- D** No. 114HPT • Ideal for: Upright brooms and use with car/truck wash brushes where short handle is convenient. • Size: 15/16" x 48", lacquer finish and cap/ring for hanging.
- E** No. 116H Metal Handle • Ideal for: Upright brooms, snow rake. • Size: 15/16" x 48", plastic cap for hanging.
- No. 116SH Metal Handle (not shown) • Ideal for: Lobby broom. • Size: 15/16" x 30", plastic cap for hanging.
- F** No. 901H Strong, fitted No. 901 plastic tip on a sturdy, lacquered-finished, hardwood dowel.
 - No. 90154H 15/16" x 54" • No. 90172H 15/16" x 72"
 - No. 90160H 15/16" x 60"
- G** No. 904H Strong, fitted No. 901 plastic tip on a sturdy, lacquered hardwood dowel.
 - No. 90472H 1 1/8" x 72" • No. 90496H 1 1/8" x 96"

Acid-Resistant Tip Handles

- H** No. 910H Sturdy, lacquered hardwood dowel with acid-resistant tip. Ideal for use in the cement industry.
 - No. 91060H 15/16" x 60" • No. 91160H 1 1/8" x 60"
 - No. 91072H 15/16" x 72" • No. 91172H 1 1/8" x 72"
 - No. 91196H 1 1/8" x 96"

Aluminum Tip Threaded

- I** No. 902H Hardwood dowel with lacquer finish and durable press-fitted aluminum die-cast tip.
 - No. 90260H 15/16" x 60" • No. 90296H 1 1/8" x 96"
 - No. 90272H 1 1/8" x 72" • No. 902120H 1 1/8" x 120"

Zinc Tip Threaded

- No. 114HMT (not shown) • Ideal for: Upright brooms and car/truck wash brushes where short handle is convenient. • Size: 15/16" x 48", lacquer-finished hardwood dowel with zinc die-cast tip.
- J** No. 912H Durable press-fitted zinc die-cast tip on a lacquered hardwood dowel. Not recommended for use in acid or caustic solutions.
 - No. 91254H 15/16" x 54" • No. 91272H 15/16" x 72"
 - No. 91260H 15/16" x 60"
- No. 91360H (not shown) 1 1/8" x 60" hardwood handle with zinc tip.

Replacement Tips

- No. 380R Replacement Threads (not shown) Metal replacement threaded tip for the No. 380 series extension poles.
- K** No. 901T Plastic Threaded.
- L** No. 902T Aluminum Threaded.
- M** No. 910T Acid-Resistant Plastic Threaded.
- N** No. 912T Zinc Threaded.
- O** No. 915T Zinc Threaded for fiberglass extension handles.

Iron-Connector Handles

- A** No. 83H Extension Handle • Ideal for: Highway departments, wreckers, state vehicles, RV owners. • Size: Extends 3' to 5'. Diameter: 1 1/8", red PVC coated steel.
- No. 84H (not shown) • Ideal for: Harper slotted push-broom, car/truck wash brushes. • Size: 15/16" x 60", hardwood with a non-breakable iron casting. Red-tipped, double-lacquered finish.
- B** No. 85H • Ideal for: All Harper slotted pushbrooms and deck scrubs. • Size: 1 1/8" x 60", hardwood with a non-breakable iron casting. Red-tipped, sanded, double-lacquered finish.
- No. 8572H Identical to No. 85H except length is 72".
- No. 8596H Identical to No. 85H except length is 96".
- C** No. 85HP Economical version of No. 85H, identical except with no paint or lacquer.

Tapered Handles

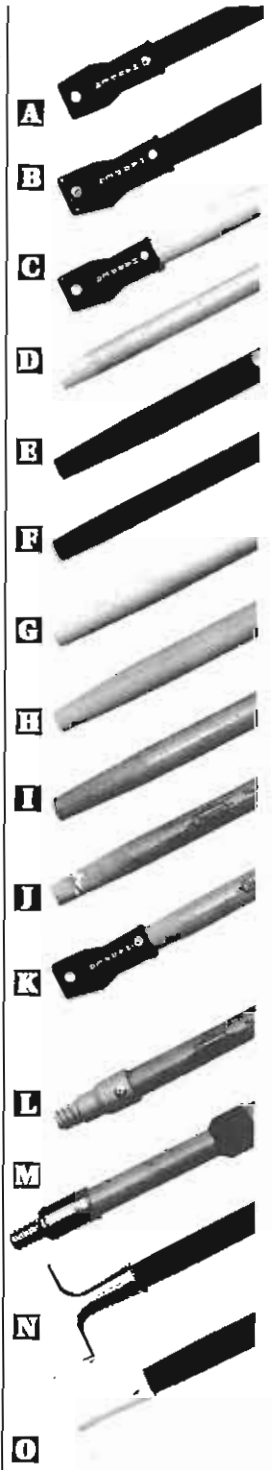

- D** No. 119H • Ideal for: No. 25122 and No. 25330 Moss Foam Squeezes and other poke style handle applications. • Size: 15/16" x 54", sanded, plain hardwood handle.
- E** No. 248H • Ideal for: HARPER floor squeegees and garage/street brushes. • Size: 1 1/8" x 60", red-tipped, sanded, double-lacquered finish.
- F** No. 253H • Ideal for: No. 25122 and No. 25330 Moss Foam Squeegees. • Size: 15/16" x 60", red-tipped, sanded, double-lacquered finish.
- G** No. 39772H Dual-Purpose Tapered Handle • Ideal for: Two tapered ends, one for window squeegees, one for window brushes. • Size: 1 1/8" x 72", sanded, plain hardwood.
- H** No. 907H Floor Scraper Handle • Ideal for: Harper's No. 907 floor scraper. • Size: Sturdy 1 1/8" x 54" hardwood, sanded, plain.
- I** No. 9760H • Ideal for: HARPER floor squeegees and garage/street brushes. • Size: 1 1/8" x 60", sanded, double-lacquered finish. No paint.
- No. 9760HP (not shown) • Ideal for: HARPER floor squeegees and garage/street brushes. • Size: 1 1/8" x 60", sanded. No paint or lacquer.

Fiberglass Handles

- J** No. 903H Fiberglass handle with Harper exclusive 8" tapered solid core. 1" x 60"
- K** No. 903HIC Same as No. 903H except with bolt-on iron-connector casting.
- L** No. 90360HPT Same as No. 903H except with No. 901 threaded plastic tip.
- No. 90372HPT (not shown) Hollow core fiberglass handle. 15/16" x 72"
- M** No. 381H Fiberglass Extension Handle Contractor quality, all fiberglass extension handles with a positive locking system. These two-section handles come with a comfort grip on one end and a threaded metal tip on the other. Available in three sizes.
 - No. 38196H 4'-8" • No. 381192H 8'-16"
 - No. 381144H 6'-12"

Squeegee Handles w/Connectors

- Ideal for all HARPER floor squeegees, excluding moss foam rubber models.
- N** No. 248HAS Sturdy, lacquered, red-tipped hardwood dowel with No. 240 zinc squeegee connector. 1 1/8" x 60"
- O** No. 248HPS Same as No. 248HAS except with No. 241 plastic squeegee connectors. 1 1/8" x 60"

Squeegees, Warehouse Brooms, Counter Dusters

Squeegee blades are firmly anchored between heavy gauge, powder-coated, steel strips, secured by plated 1/4" bolts. Either a tough cast zinc socket or a hardened plastic socket securely holds the handle. Please specify when ordering. Handles, sockets and braces sold separately.

A No. 246 Single-Edge Rubber Squeegee

- Blade: Rubber, 1/4" thick x 2" wide. Squeegee may be turned over and the angle iron used as a scraper. No. 246R Refill blades available in both sizes.
- Sizes: 30" No. 24630
36" No. 24636

B No. 247 Curved-Edge Rubber Squeegee

- Blade: Rubber, 1/4" thick x 3 1/2" wide, double-edged, curved frame. Good for trapping water. No. 248R Refill blades available in all sizes.
- Sizes: 24" No. 24724
24" No. 24730
36" No. 24736

C No. 248 Double-Edge Rubber Squeegee

- Blade: Rubber, 1/4" thick x 3 1/2" wide, double edged. Squeegee may be turned over for double life. No. 248R Refill blades available in all sizes.
- Sizes: 18" No. 24818
24" No. 24824
30" No. 24830
36" No. 24836

Most Popular

No. 249 Double-Edge Neoprene Squeegee (not shown)

- Blade: Neoprene, 1/4" thick x 3 1/2" wide, double edged. Resists petroleum products. Identical to No. 248 except with Neoprene blades. No. 249R Refill blades available in all sizes.
- Sizes: 18" No. 24918
24" No. 24924
30" No. 24930
36" No. 24936

D No. 25122 Disposable Moss Foam Rubber Squeegee

- Blade: Twin natural black moss foam rubber, set in a lightweight galvanized metal frame. Domestic and professional applications.
- Size: 22"

E No. 25330 Disposable Moss Foam Rubber Squeegee

- Blade: Dual natural black moss foam rubber, set in a heavy-duty galvanized metal frame with splash guard and reinforced handle. Ideal for factories, supermarkets, car washes, auto or implement shops. Works well on sand, mud, and floor dry.
- Size: 30"

Most Popular

A No. 25818 Sanitary Disposable Moss Foam Rubber Squeegee

- Blade: Twin natural black moss foam rubber. Plastic frame & handle socket design enables use in areas where hygiene is important. • Size: 18"

B No. 26624 White Rubber Squeegee

- Blade: Food grade approved rubber, 1/4" thick x 3 1/2" wide. All stainless steel construction. Ideal for food processing plants and restaurants that require FDA approval. No. 26624R Refill blade available. • Size: 24"

B

Squeegee Handles & Accessories

No. 248H Hardwood Tapered Handle Red-tipped, sanded, double-lacquered finish. 1 1/8" x 60".

No. 253H Tapered Wood Handle Red-tipped, sanded, double-lacquered finish. 15/16" x 60". Recommended for moss foam squeegees.

No. 81 Brace Fits replaceable blade squeegees. Steel, powder-enated silver, supplied with hardware.

No. 81SS Stainless Steel Brace Fits all replaceable blade floor squeegees. Supplied with stainless steel hardware. Recommended for No. 26624 Squeegee.

No. 240 Zinc Squeegee Socket Fits all replaceable blade floor squeegees.

No. 241 Plastic Squeegee Socket Fits all replaceable blade floor squeegees.

Brushes, Handle Accessories, Scoop Shovels

No. 105, No. 115, No. 108 & No. 118 available in the following colors: (0) Assorted; (1) Beige; (2) Mauve; (3) Slate Blue; (4) Grey.

A No. 105 Coronette

- Ideal For: Kitchen, utility room, office, beauty and barber shops.
- Size: 9" hardwood block with 12" sweeping face
- Trim Length: 4"
- Fill: Plastic fiber, feathered on the ends.

B No. 115 Coronette/Slant Head The unique slant design of this broom makes it easier to sweep in corners and close to baseboards. Same colors & formulation as the No. 105.

C No. 108 Shop Broom

- Ideal For: Kitchen, utility room, office, beauty and barber shops. Vinyl bumper. Threaded for an upright handle.
- Size: 12" hardwood block with 14" sweeping face
- Trim Length: 4"
- Fill: Plastic fiber feathered on the ends.

D No. 118 Broom/Slant Head The unique slant design of this broom makes it easier to sweep in corners and close to baseboards. Same colors & formulation as the No. 108.

E No. 109 Millhouse

- Ideal For: Grain elevators, mills, factories and foundries. Will not retain metal chips from drill presses and lathes.
- Size: 9" hardwood block with 12" sweeping face
- Trim Length: 4"
- Fill: Stiff plastic fiber. Solvent resistant, not affected by most petroleum products.

F No. 112 Same construction as the No. 109 except the No. 112 has a 12" hardwood block and a 14" sweeping face.

No. 114 (not shown)

- Ideal For: Medium to heavy sweeping
- Size: 12" hardwood block with 13" sweeping face
- Trim Length: 3 1/8"
- Fill: Mixture of medium-stiff brown and fine black plastic.

G No. 116L-1 Lobby Broom w/Handle

- Ideal For: Theatres, hotels, restaurants, theme parks, RV's etc. Comes with 30" metal handle. Used with Harper No. 483 or No. 484 Lobby Dust Pan.
- Size: 6" hardwood block with 8" sweeping face
- Trim Length: 4"
- Fill: Beige plastic, feathered ends.

H No. 470901 Foam Block Upright

- Ideal For: Kitchen, utility room, restaurants, office, beauty and barber shops. Can be used where wood blocks are not accepted, i.e., food service.
- Size: 9" recycled plastic block with 12" sweeping face
- Trim Length: 4"
- Fill: Beige plastic, feathered ends.

I No. 471012 Foam Block Upright

- Ideal For: Medium to heavy sweeping. Can be used where wood blocks are not accepted, i.e., food service.
- Size: 12" recycled plastic block with 13" sweeping face
- Trim Length: 3 1/8"
- Fill: Mixture of medium-stiff brown and fine black plastic.

School Bus Brooms

Designed specifically for sweeping under bus, theatre and restaurant seats. Hardwood block is drilled at a 45-degree angle to accommodate threaded handle.

J No. 110 • Ideal For: Medium to heavy sweeping. • Size: 9" hardwood block with 10" sweeping face • Trim Length: 3" • Fill: Mixture of fine black and medium-stiff brown plastic.

K No. 111 • Ideal For: Fine sweeping. Doubles as handy tool for removing snow from vehicles. • Size: 9" hardwood block with 12" sweeping face • Trim Length: 4" • Fill: Beige plastic, feathered on ends.

L No. 117 • Ideal For: Fine sweeping. Doubles as handy tool for removing snow from vehicles. • Size: 9" hardwood block with 12" sweeping face • Trim Length: 3" • Fill: Beige plastic, feathered on ends.

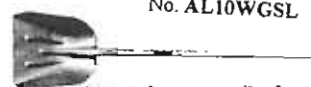

Razor-Back® Aluminum Scoop Contractor-Duty

No. AL2ESL

Convenient flat-bottomed Eastern pattern. Aluminum is acid-etched for a superior finish that will not flake or wear off. Blade is non-sparking, naturally rustproof and lightweight. 11" x 14 1/2" blade is .101" thick. Size 2. 48" premium ash lacquered handle.

Razor-Back® Aluminum Scoop Contractor-Duty

No. AL10WGS

Convenient Western pattern with reinforcement ribs for heavy-duty applications. Aluminum is acid-etched for a superior finish that will not flake or wear off. Blade is non-sparking, rustproof and lightweight. 14 1/2" x 17 1/4" blade is .101" thick. Size 10. 48" premium ash lacquered handle

Handle Accessories

Braces

G No. 81 Squeegee Handle Brace Fits all HARPER floor squeegees. Steel, powder-coated silver, supplied with hardware.

No. 81SS Stainless Steel Brace (not shown) Fits all replaceable blade floor squeegees. Supplied with stainless steel hardware. Recommended for No. 26624 squeegee.

H No. 87 Floor Broom Handle Brace Fits all HARPER 18" to 36" floor brooms. Steel, powder-coated black, supplied with hardware.

I No. 89 Floor Broom Handle Brace Fits all HARPER 42" floor brooms. Steel, powder-coated red, supplied with hardware.

Scrapers

J No. 82 Universal Scraper Fits all HARPER 18" to 36" floor brooms. Length: 17 1/2". Width: 2 3/4". Rustproof, heavy-gauge, galvanized steel.

K No. 88 Speedclean Scraper This steel scraper is formed to lock in place between the iron-connector and the brush block. Fits all iron-connector floor brushes. Used to remove stubborn dirt and debris quickly without need for a second tool. Handy as a stand for storing brush when not in use, preventing distortion of the brush fiber.

Connectors

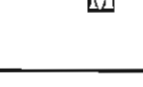

L No. 240 Aluminum Squeegee Socket Fits all HARPER floor squeegees. Painted with silver, baked powder-coating. Supplied with hardware.

M No. 241 Plastic Squeegee Socket Fits all HARPER floor squeegees. Supplied with hardware.

No. 380R Replacement Threads (not shown) Metal replacement threaded tip for the No. 380 series extension poles.

N No. 84D Heavy-Duty Iron Connector. This tip is used on all HARPER iron-connector style handles. As well as being the most aesthetically pleasing casting on the market, the HARPER No. 84D has twice the strength of similar tips, as documented through lab tests. This added strength is due to the ribs running down both sides of the HARPER connector as well as the choice of alloys.

O No. 85PC Heavy-duty polycarb connector. Acid resistant.

Razor-Back® Western Pattern Aluminum Scoops Contractor-Duty

Best for transferring large quantities of coal, grain, mulch, snow, or other loose materials during heavy-duty use. Convenient Western pattern with reinforcement ribs for heavy duty applications. Aluminum is acid-etched for a superior finish that will not flake or wear off. Blade is non-sparking, naturally rustproof and lightweight. Blade is .101" thick. 31" premium ash lacquered handle. Steel and wood D-grip.

No. AL12WGS Size 12. 14 1/4" x 18 3/4" blade.

Unian® Western Pattern Aluminum Scoops Tough-Duty

Useful for transferring large quantities of loose materials. Convenient Western pattern with reinforcement ribs for heavy duty applications. Aluminum is acid-etched for a superior finish that will not flake or wear off. Blade is non-sparking, naturally rustproof and lightweight. Blade is .077" thick. 29" ash lacquered handle. Steel and wood D-grip.

No. CAL10WGS Size 10. 14 1/2" x 17 3/4" blade. 6/pkg., shipping wt. 22 lbs. UPC Nc
No. CAL12WGS Size 12. 14 1/4" x 18 3/4" blade.

Non-Sparking Tools

Ampco Safety Tools are non-sparking, non-magnetic, and corrosion resistant. All of the Ampco alloys used to produce these tools have the approval of Factory Mutual Research Corporation for non-sparking use. The tools meet OSHA requirement for use in locations where flammable vapors or combustible residues are present with a few exceptions. More than 1600 styles and sizes are available. Special tools and sizes can be made to customer specifications.

Long Cutter Mattock

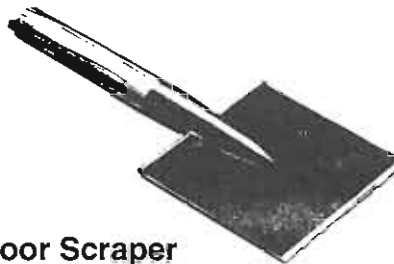

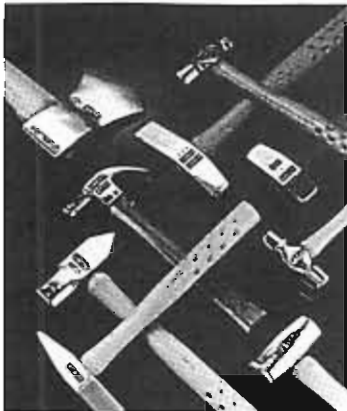

Supplied with handle. Overall length, 17".
No. M-55 3" Vertical Blade, 3 3/8" Horizontal Blade .

Bronze Hand Pick

Entire pick made of bronze.

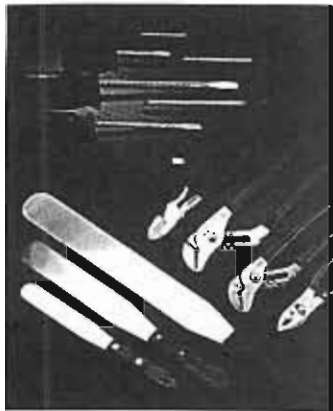

Floor Scraper

S-71s 6" wide blade, with plain cutting edge

Railroad or Clay Picks

Furnished without handles; handles available at extra cost.
No. P-1 Length of Head 20 1/2"
No. P-3 Length of Head 25"
No. P-6 Length of Head 27 1/2"

SCRAPER, LONG BLADE

S-20 3" blade
S-21 4" blade
S-22 5" blade
S-23 6" blade.

All scrapers furnished without handles.

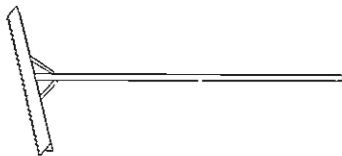

Non-Sparking Rakes

With handle. 14 teeth. 14 1/4 inches wide.
Weight, 3 3/4 lbs.
No. R-10

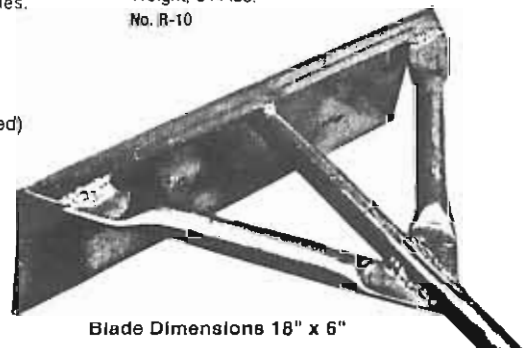

Razor-Back® Aluminum Asphalt Lute Rake

Contractor-Duty No. AAL36S-7

Handy tool, with one serrated and one smooth edge. 36"x4" aluminum head with 28 teeth. Bolted brace and 82" aluminum handle.

- Aluminum Truck Box Scraper (Pictured)
Handle 5' long; weight 5 lbs.
- Aluminum Floor Scraper
Handle 5' long; weight 3 lbs.
6" blade (Not Pictured)

Blade Dimensions 18" x 6"

AV-1200 Heavy Duty Air-Powered Wet / Dry Vacuum

The AV-1200 Air Powered Vacuum is a proven **workhorse**. It is ideal for those situations where the use of electricity is not available or desirable. The unit can be used for liquid recovery or dry debris pickup. In actual field-conditions testing, the AV-1200 gulped up 45 gallons (170 liters) of water per minute. Maintenance personnel across all industries count on this vacuum to get the job done. It recovers everything from machine oil and engine coolant to assorted powders and metal chips quickly and safely... with air power. The AV-1200 can be used on 15 gallon (57 liter) tanks and 30 or 55 gallon (114 or 208 liter) drums.

Features – Benefits

- Shock resistant – excellent for applications where the use of electric equipment presents a safety hazard
- No moving parts – virtually maintenance free
- Choice of three tank sizes – fits any application
- Automatic liquid shut-off – prevents overflow
- Metal deflector – will not shatter
- Reusable triple inside filter assembly – saves money
- Uses 1½" or 2" (38mm or 51mm) hoses – versatile

Specifications

- Air Requirements:** Minimum 50 PSI at 35 CFM (3.5 BAR at 1 m³/min), Maximum 90 PSI at 50 CFM (6.2 BAR at 1.4 m³/min)
- Air Line:** ½" (13mm) I.D. or larger
- Static Water Lift:** 120"-170" (3.1-4.3m)
- Air Displacement:** 135-125 CFM (3.6-3.5 m³/min)
- Weight of Lid Assembly:** 16 lbs (7 kg)

Model AV-1200-15S Single Motor Wet-Dry Air Vacuum including motor assembly and 27"-24" (680-610mm) drum adapter ring (no drum)

Model AV-1200-30-15S Same as AV-1200-15S plus 55 gallon (208 liter) bonderized steel drum, fully with handle and tool storage box

* Also: For air powered units (114 or 208 liter) depending on tank

Model AV-1200-55DD

Air Vacuum Accessory Kits

VAC-KIT-9-G Grounded Industrial Vacuum Accessory Kit 1½" (38mm): Same as VAC-KIT-9 except with grounding wire and 15' (4.5m) hose

Vac-2 Electric Wet / Dry Vacuum (Not Class II-G)

The Twin-Motor Vac-2 vacuum offers high water lift and air movement. The Vac-2 can be used for liquid recovery or dry debris pickup. It is designed to last and give years of dependable performance. That means you can count on the Vac-2 to keep going strong long after other vacuums give up. Applications from general cleaning and liquid recovery to picking up metal chips and coolant in machine shops have made the Vac-2 our best seller. The Vac-2 can be used on 15, 30 or 55 gallon drums. Uses 1 1/2" or 2" hose (order hose and accessories separately).

- Three Tank Sizes
- Two super cooled heavy-duty by-pass motors with strong suction
- Metal deflector prevents damage to tank
- Automatic liquid shut off prevents overflow
- Reusable triple inside filter assembly

Specifications:

- Motor:** 2 2/3 HP total, 1 1/3 HP per motor
- Amps:** 18 (115V), 9 (220V)
- Static Water Lift:** 83"
- Air Displacement:** 198 CFM
- Weight of lid assembly:** 25 lbs

Electric Vacuum Accessory Kits

VAC-KIT-9 Industrial Vacuum Accessory Kit 1½" (38mm): VAC-005 Neoprene Wire Reinforced Hose 10' (3m), VAC-009 Double Bend Wand 54" (1.37m), VAC-010 Extension Tube 54" (1.37m), VAC-012 Extension Tube 5' (1.5m), VAC-013 Nylon Floor Brush 14" (360mm), VAC-015 Squeegee Floor Tool 14" (360mm), VAC-017 Rough Surface Fiber Shod Floor Tool 14" (360mm), VAC-021 Wall and Overhead Brush 8" (200mm), and VAC-027 Steel Crevice Tool 27" (690mm)

Turbine Twin Model H Electric Vacuum

Features:

- Model #TT883 produces approx 150 inch of water lift with 1.5 HP
- Model #TT923 produces approx 270 inches of water lift with 2.1 HP
- 55 gallon capacity, 18 gauge painted steel
- 1 year warranty
- Dry vacuum only, not for wet applications

Anti Static Package includes:

- Drum top power-pak with extra filter, 55 gallon drum and hand kart
- Hand cart with 2 fixed and 1 swivel wheel
- Anti-static hose - 10 and 20 ft lengths, 1 1/2" ID
- 1 #24T connector w/ 4 #24T clamps
- #22 Smooth nozzle, 4 3/4" wide
- #43 Crevice Tool
- #66A Blower til with connector
- #70 Aluminum "S" wand with lock nut
- #71 Dust Brush, 14" wide
- #72 Rough floor tool, 15" wide

HOSE CLAMPS

KC Supply stocks a variety of clamps for different hoses.

MAKE-A-CLAMP Kits

This is a maintenance "clamp system" in a box. By simply cutting off a piece of banding, you can make any size 301 stainless steel worm-driven clamp from 2" diameter and up.

#4001 Includes 100 ft band, 25 adj. fasteners, 10 splices

#4002 Includes 50 ft band, 10 adj. fasteners, 5 splices

#LS188 Quick Release Clamp for 2 1/6" to 12 5/16"

MOUSE TRAPS

The Original "KETCH-ALL"

- Catches up to 15 mice in one setting
- NO bait needed
- NO dangerous chemicals or poisons
- Safe around children and pets
- Winds like an alarm clock

Accessories

- Drowning Attachment
- Clear View Lid
