

#455 SAFETY ZONE INTERLOCKING

Add visibility, safety and versatility to work areas

- Use in dry or moderately wet work areas
- Molded yellow safety border provides exceptionally high visibility, creating a safer work place
- Slip-resistant, deck-plate surface ensures safe footing
- Engineered with buoyant air pockets to prevent fatigue
- Interlocking sections hold firmly together to create runners of any length, yet zip apart for cleaning
- Colors: Solid Black or Black with Yellow Borders
- Standard Sizes 2' W x 3'L or 3' W x 2'L
- 1/2" thick SBR rubber

#475 KUSHION WALK

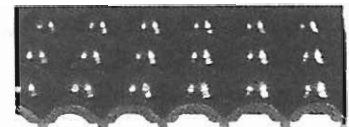

Tough abrasion-resistant vinyl runner prevent fatigue

- Use in wet or dry and industrial work areas
- Densely textured surface guards against slips and injuries
- 3/8" thick 100% Koroseal vinyl. Fireproof and ozone resistant
- Optional yellow borders for an extra safety
- Knobbed bottom allows sanitary aeration
- Optional slots provide free drainage
- Even works on grates and catwalks
- Superior tensile strength assures cut and abrasion resistance
- Colors: Black, Black with Yellow Borders or Quarry Tile Red
- Std sizes of 2'x3', 3'x5', 2'x60', 3'x60'
- Custom Size of 2' and 3' wide up to 60' length

#454 ORTHO STAND MAT

Designed for optimal comfort and productivity

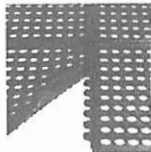

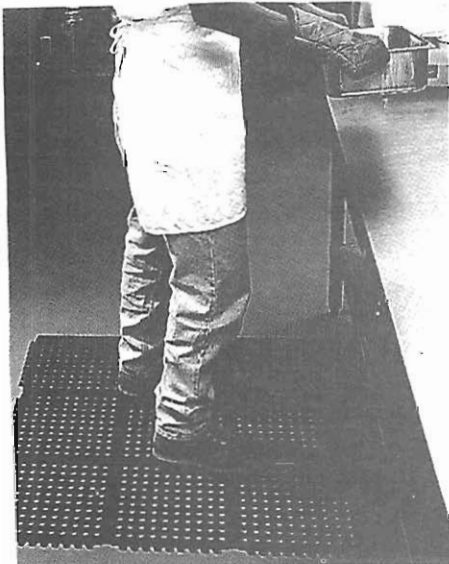

- Use in wet or dry work areas
- Uniquely designed to provide comfort and enhance overall health of people who stand at work
- Domed surface design encourages frequent posture changes to promote circulation
- Provides safe, dry footing as liquid and debris settle between domes
- High duty, flexible rubber, 1/2" overall thickness
- Colors: Black or Black with Yellow Borders
- Std sizes of 2' x 3' and 3' x 4'

MODULAR WORKSAFE™ LIGHT NO. 472

Features the simplest interlocking system available and is exceptionally comfortable.

- Perfect for wet, dry and greasy work areas.
- Versatile 3' x 3' single workstation mats interlock securely to fit any size area.
- Prevents standing worker fatigue.
- 1/2" overall thickness. Excellent for drainage.
- Needs no attachment devices or additional bevels.
- All exterior edges are rounded for safe, no-trip access.
- **Lightweight** for easy handling (only 11 lbs.)
- Available in two resilient rubber compounds: **Grease-Resistant** and **Grease-Proof 100% Nitrile Rubber** for use around greases, chemicals and caustic agents.

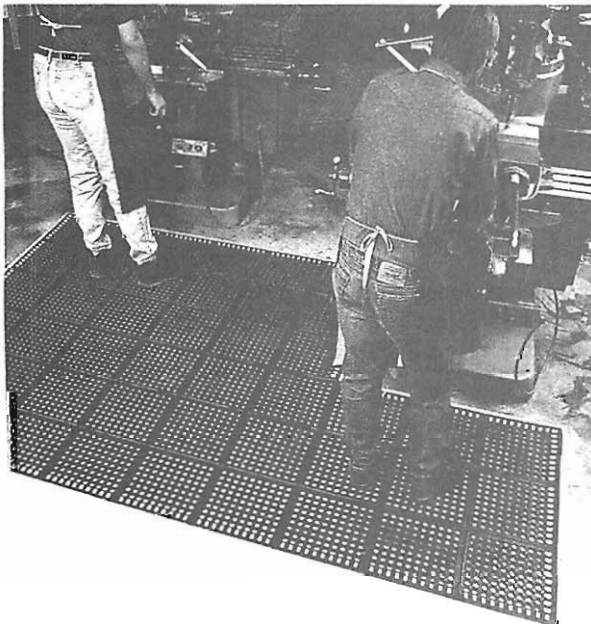

Design your own configuration with Modular Diamond-Plate™ or link up to our Modular WorkSafe™ Light if you have wet and dry areas.

MODULAR DIAMOND-PLATE™ NO. 470

Innovative, modular anti-fatigue matting.

- Use in dry or moderately wet areas as a single workstation mat, to cover an entire floor, or to create a long runner.
- Mats easily snap together for virtually any configuration.
- Our proprietary built-in interlocking system requires no connectors or additional bevels.
- It will greatly reduce standing worker fatigue.
- High-tech diamond surface provides additional traction.
- Interlocks with Modular WorkSafe™ Light to form matting with and without drainage areas.
- Available in two resilient rubber compounds: **Grease-Resistant** and **Grease-Proof 100% Nitrile Rubber** for use around greases, chemicals and caustic agents.

CUSTOM WORKSAFE™ LIGHT NO. 471

If you have a special configuration of Modular WorkSafe™ Light or want to add yellow borders, let us make it.

- Sizes are available in one foot increments and are only limited by weight or shipping requirements
- Add yellow beveled edging as another safety option.
- Mats are permanently locked together yet can easily be rolled and removed for clean-up.

Custom Sizes	Custom Rolls
Up to 12' wide by up to 60' long (in one section).	2' x 30'
For special contours, please submit a sketch for quote. Some mats may require several sections.	3' x 30'
	4' x 30'
