

Door Demon Railcar Hopper Gate Openers

Hydraulic Portable Gate Opener Models

- Wheel-mounted to move around facility
- Adjustable Height with a sturdy bolt
- Rugged Steel Construction
- Class II-G Motors (Grain dust explosion proof)
- 13,000 psi (up to 25,000 psi if necessary)
- Char-Lynn 6000 series hydraulic motor

Door Demon AC

(Electric Powered / Hydraulic Drive)

- 2HP, 3PH AC Motor
- 1-phase 220 volt OR 3-phase 440
- Power cord must be hardwired from openers

Door Demon DC

(Battery Powered / Hydraulic Drive)

- Two 12-volt batteries
- 24-volt hydraulic pump
- Opens approximately 10 cars / 33 doors on a single charge
- Fully recharge battery within 4 hours

Door Demon Hydraulic

(Hydraulic Powered / Hydraulic Drive)

- Connect to external hydraulic power source
- Two hydraulic lines provided
- Recommend 5HP, 3-phase motor and 10-gallon reservoir
-

Features / Benefits

- Simple lever turns shaft (Right for clockwise)
- Lever returns to neutral when released
- Balanced and lightweight
- Quiet - no hammering noise
- Reduces risk of injuries
- Low maintenance
