

Maintaining proper specs on equipment is essential to quality control. Our labels identify when calibration took place and schedule a future inspection date. The pressure-sensitive vinyl label, with peel-off backing, sticks to most surfaces.

State Regulatory Signs

California Proposition 65 Signs

The statute states that "no person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state (California) to cause cancer or reproductive toxicity without first giving a clear and reasonable warning..." Californians, based upon your knowledge of your business operations and chemicals used, it is recommended that you review the Proposition 65 list at http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html and determine which chemicals, if any, would likely be involved in exposures to individuals.
